FOUNDING PRODUCT DESIGNER

June J. Kim

junejk.com | imjunejk@gmail.com | linkedin.com/in/imjunejk

SUMMARY

Founding product designer with 10+ years across enterprise SaaS and fintech. I design systems that turn complex workflows into clear user experiences, from 0→1 product foundations to scaled platforms.

SKILLS

Product: UX Strategy, IA, Service Design, Interaction Design, Visual Design | Systems: Design Systems, Prototyping, User Research, Data Visualization | Build: HTML, CSS, JavaScript, Frontend Collaboration

EXPERIENCE

Sudozi | Founding Designer
Oct 2020 - Present

Enterprise procurement orchestration platform

- Designed the core intake and workflow system that scaled to 100+ enterprise organizations.
- Shaped self-serve configuration patterns that reduced onboarding time from 5 days to 4 hours.
- Led product, brand, and marketing UX to improve adoption and trust across admins and buyers.
- Partnered with engineering end-to-end to ship a consistent system and cut approval cycles by 75%.

Carta | Product Designer
Nov 2018 - Mar 2020

Investor Services, Fund Admin Tools, Capital Call workflows

- Redesigned investor navigation and dashboard architecture across 10+ core surfaces.
- Used rapid prototyping and user testing to derisk decisions under compressed timelines.
- Contributed reusable interaction patterns in collaboration with Carta design system partners.

PayPal | UX Designer
Jun 2015 - Oct 2018

PayPal Cash, Cash Card, and design system initiatives

- Designed key cash management and card-control UX for high-frequency financial actions.
- Collaborated cross-functionally on notification and transaction flows for consumer reliability.
- Contributed to PayPal design system and mobile banking experiences used by 10M+ users.

SIDE PROJECTS

SAVE | E2E UX Design
2025

Mobile investment news product (iOS / Android)

- Designed end-to-end product UX for real-time U.S. stock news consumption.
- Supported launch quality that reached 100K DAU in one month with a 5.0-star app rating.

Yearend | Product Designer
2020

Tax Advisor product (web fintech) Acquired by Carta

- Designed advisor and client workflows from structured intake to recommendation.
- Built scenario-comparison UX for equity and tax planning decisions.

Lenme | Founding Designer
2018 - 2019

P2P lending marketplace (mobile)

- Designed borrower and investor flows across loan creation, matching, and portfolio management.
- Helped shape a mobile-first marketplace experience used by 4M+ customers.

EDUCATION

Academy of Art University - BFA, Web Design + New Media (UX emphasis), 2015

RECOGNITION

Best in Show (2015), Academy of Art University Spring Show | Adobe Design Achievement Awards Semifinalist (2014)
